

CREATE FIRSTVIEW 1.0 ACCOUNT

STEP 1: DOWNLOAD APP, CREATE ACCOUNT & LOG IN

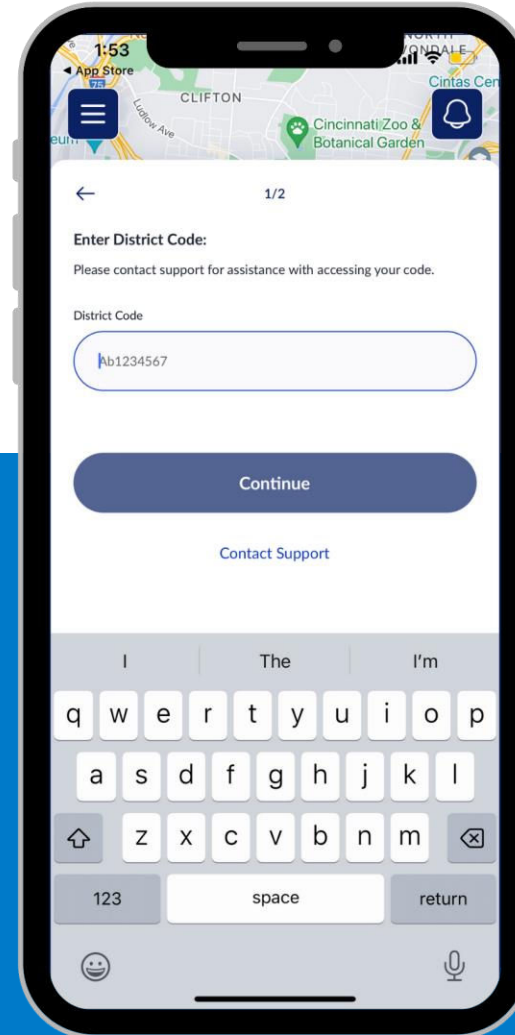

1. You can also download the FirstView 1.0 app by visiting myfirstview.com.
2. When creating an account, users must enter their Email, Choose a Password, First Name, Last Name and Phone Number. By registering for and using a FirstView account, you also consent to our Terms of Use and our Privacy Policy.

MANUALLY ADD YOUR STUDENT(S)

STEP 2: ENTER DISTRICT CODE

1. Enter the unique 5-character district code for your student's district.
2. If you don't know your student's district code or are unsure if your district is offering tracking for your student in the app, please contact your student's school or tap **Contact Support** within the app for assistance.

MANUALLY ADD YOUR STUDENT(S)

STEP 3: ENTER STUDENT'S DETAILS

1. Your student's district name will now be displayed at the top of the screen.
2. Next, enter in your student's first and last name.

10:14 Woodbury

MANUALLY ADD YOUR STUDENT(S)

STEP 4: ADD STUDENT'S SCHOOL OF ATTENDANCE

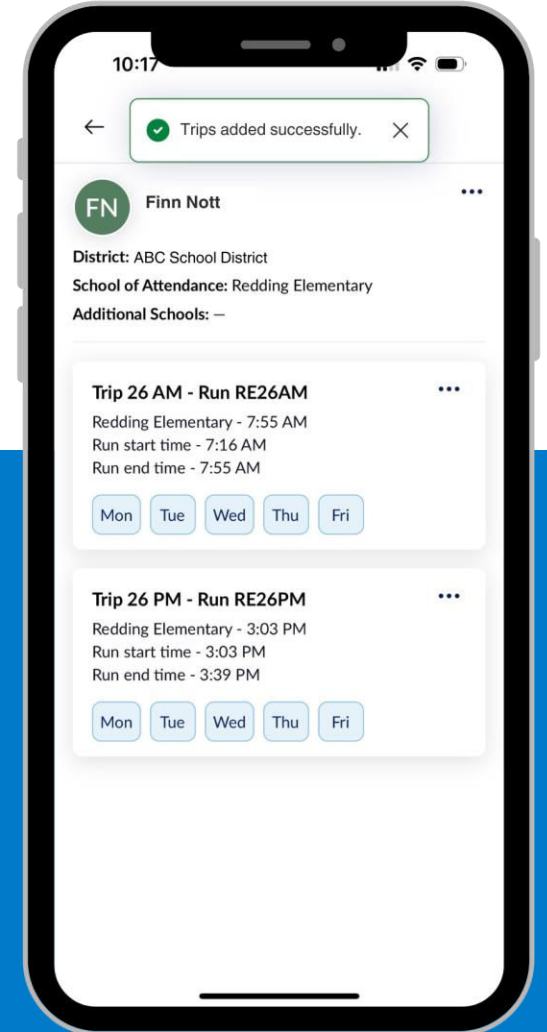

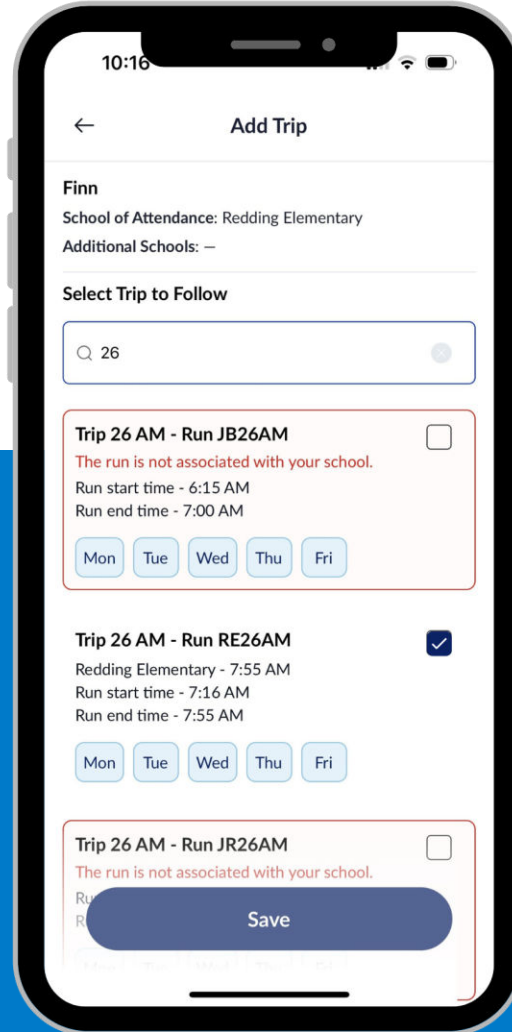

1. Next, you'll add your student's school of attendance.
2. Optional: You can add up to 5 additional schools. Example: If your student is transported to an alternate school or a program outside of their main school of attendance.
3. Once confirmed, you've successfully added your student and will be directed to the tracking map screen to add their trips to track.

MANUALLY ADD TRIP(S)

STEP 4: ADD STUDENT'S TRIPS

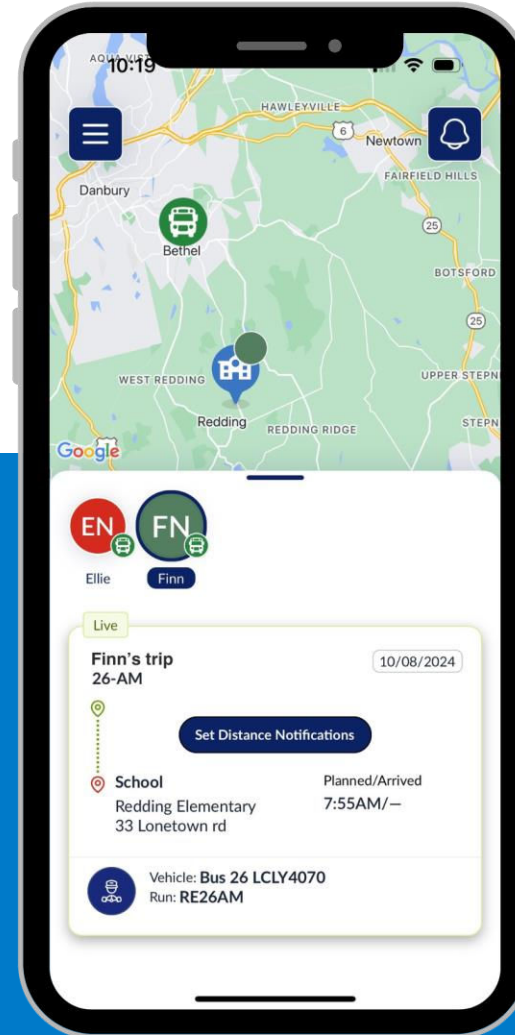

1. Next, you'll select the trip(s) that you want to follow for your student by choosing their route or run.
2. Once confirmed, you've successfully added the trip(s) you will follow for your student.

CONFIGURE DISTANCE NOTIFICATIONS

STEP 5: SET-UP A CUSTOM DISTANCE NOTIFICATION

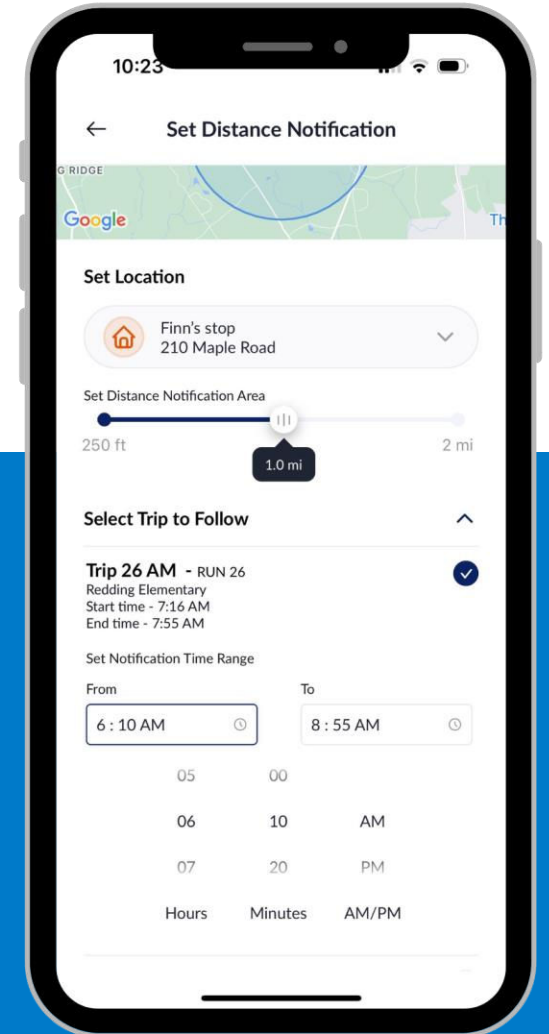

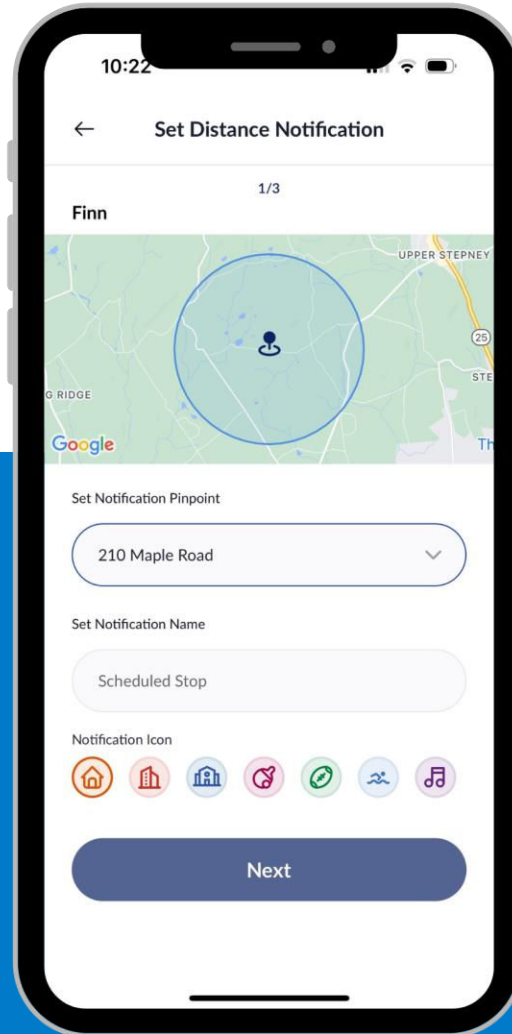

1. Once your student and their trip(s) have been added, you can track the vehicle on the map and/or set-up custom distance notifications to receive an alert when the vehicle is near your student's stop location. Notifications are sent via push alerts and displayed in the app's notification center.
2. You'll configure the distance notification by clicking on the button within the student's card or by going to Settings > Notifications > Manage Distance Notifications

CONFIGURE DISTANCE NOTIFICATIONS

STEP 6: CUSTOMIZE THE DISTANCE NOTIFICATION

1. First, set your notification pinpoint, which is typically the student's stop address, to serve as the center of your notification zone. You can name this notification and select an icon to help distinguish it.
2. Next, adjust the notification area to ensure the alert is triggered only when the vehicle enters your specified area.
3. Lastly, assign it to one of your student's trips. You can also customize the time range for the alert, ensuring you only receive a notification when the vehicle is approaching your student's stop, not when it's passing by for an earlier pick-up or drop-off.

READY TO TRACK STUDENT'S TRIPS

STEP 6: START TRACKING!

- By tapping on the student's circle icon and swiping up, you'll see the trip information for the student's current / nearest upcoming trip.
 - Bus location on the map in real time
 - Trip status
 - Pick-up address with distance notification time
 - Drop-off address with planned/arrived times
 - Vehicle bus number and run number
- If you have app related questions / issues, contact FirstView Customer Support, Monday – Friday from 7:00 AM – 5:00 PM ET:
